FRIENDS OF HOLY ROSARY SCHOOL LIBRARY FUNDRAISER

Help the students! Be a Friend of the School Library!
We ask your help in purchasing Chromebooks for our students. To prepare for this new world with increased expectations of technology use, with school shutdowns, and with student learning changed to home or online, the Friends of Holy Rosary School Library ask your help in purchasing additional Chromebooks for our students. While we also want to continue upgrading our book collection, we feel this year the Chromebooks are a priority.

Holy Rosary School would like to buy an additional set of 25 Chromebooks this year. These Chromebooks are cost-effective and work well with the platform the school has chosen for a variety of learning projects. They are also the same type of computers that our students will use when they enter Monroe City R-I High School.

Each Chromebook costs approximately $225.00. This is a reasonable price, but is an additional cost from which we hope to spare parents. If you can help us purchase this additional set of Chromebooks, we are most grateful. Please feel free to pass a copy of this form on to other Friends or Holy Rosary Alumni that may want to donate.
